

## “Preview Season” Plans and Important Dates

What is a “preview season?” The Preserve at Oak Meadows is reopening for a partial season after 2 years of major construction and renovation. Like any living entity, a golf course continues to mature over time. During the preview season, hours of operation and the availability of play may be limited to allow young fairways, tees, and greens to fully take root.

### July 31 through August 6 - “Test Drive Week”

During Test Drive Week, a limited number of tee-times will be available to individuals including permanent tee-time holders (Oak Meadows customers who purchased a 2014/15 permanent time), members of the media, Golf Digest / GolfWeek course raters, and golf industry personnel.

\*Eligible groups will be invited to schedule a test drive.

### July 31 - Range / Practice Center Opens

The renovated practice area at The Preserve now features target greens and a fairway, upgraded range balls, and 2 new short game practice greens.

### August 7 - Preview Season Officially Begins

Preview season tee-times available to all golfers! During the preview season, tee-times may be reserved by the general public up to 5-days in advance. “Captains” of former Oak Meadows groups who purchased a 2014/2015 permanent tee-time will be extended a 7-day in advance booking window. During August, 2017, tee-times are available through the pro shop only (not online until September).

### April 2018 - Grand Opening Season Officially Begins

2018 will be the first full-season for The Preserve, and all the finishing touches on the golf course will be in place. Regular hours of operation will resume, and programs including permanent tee-times and the DuPage Golf Junior School will return.

### Summer / Fall 2018 - Potential New Clubhouse Groundbreaking

Proposed conceptual designs for a new clubhouse at The Preserve are complete, and additional planning is underway. Visit DuPageGolf.com for future updates.
